The Tuberculosis Effort

The Tub. Commission of MD organized by act of assembly in 1902
outcome of 'deferring the major'

for purpose of studying the prevalence of tub. in MD, the
Comm. reported on the economic welfare of the state, etc.

Purposes of expenditure to clarify the results of the investigation.

It had made a powerful appeal to the public mind.

John. Oswald on Bolla (Chap. 22, 42)

7 Nov. 25.th
As Oscar Rees suggested to Kneff the latter in his letter to the Ed. Assoc. Med.,
was satisfied a fit organ for the formation of a national committee a tuberculosis so as
to insure a single representative John. Leques instead of several ones.

Kneff had evidently accepted the suggestion in his letter.

None the less, could have kept the paper together.

Two groups of paper letter Union were enclosing

Congress — I was the St Louis Exposition ^{Oct} 1904

Another was to meet in Washington April 3rd 1904

to hold an international

The Congress International de la Tuberculose success was already published in Journal de Paris 1904
