Dr. Daniel Lewis  
Clay Bell

Attempt to correlate T.B. workers  
medical histories with

American Congress of Tuberculosis Got in bad track. 2 factions.

Classified but not got Secretary of Am. Cong. of Tub. & the women fair exposition for 1904 from Detroit. Congress of Tub. 1904  
As for Lewis in 1898 Dr. Thayer had suggested the formation of a Med. Society.

already a clinical study at Assoc<sup>n</sup> up. was opposed.  
Dr. Daniel Lewis was Pres of the National Tuberculosis League.

The Lewis was never act  
tively engaged as seen by  
the presence of other clubs.

There had been numerous investigations of prevalence of tuberculosis in Connecticut  
some were in 1899 - perhaps 1898.

The congress eventually centered under the Phillips Institute in up. mentioned.

In 1900 the Medical Legal Socy. Clay Bell - Proposed  
Congress of Tuberculosis.

Am. Public Health Assoc<sup>n</sup> met Buffalo in Sept 1901

Committee met in N.Y. fall of 1902

The Report Int. Congress was to be held in June 1904

These American Big game had been proposed

American Congress of Tuberculosis versus Clay Bell's scheme versus  
the International Congress. which is now to be held in Berlin & London  
and are to meet in Paris in 1904.

World's Fair St Louis 1904 was when Clay Bell had to hold Congress.

But Congress in 1904 vs. the <sup>interest</sup> ~~international~~ Congress in 1906

Rev. and Mrs. Jonathan Gosforth  
announce the marriage of their daughter

Helen Rosalind
