

To W. O. From Dr. Flick.

1 West Franklin St., Baltimore,
March 8, 1904.

Dear Dr. Osler:

Your letter of 7th inst. to hand. I fixed the date for Monday, March 28th. In looking over the calendar I find that March the 31st is the Thursday of Holy Week and for that reason might not be a good day. The only other evening that I could select would be Saturday the 26th and there is some objection to this because it does not give us enough time to get the manuscript translated and printed. However, I will give a dinner to Maragliano on the evening of the 26th, to which I expect to invite some of the distinguished men of the different cities and if you think the 26th would be a better day for the meeting we could have the meeting on the afternoon of the 26th. I will be glad to be guided by your suggestions in this matter; I agree with you that Wither- spoon Hall would be too large and I will endeavor to have the College of Physi- cians' Hall. When you have decided whether you want the meeting on the 26th or 28th I will engage the hall.

Yours truly,

Lawrence F. Flick.
