To Dr. Flick from W. O.

1 West Franklin St., Baltimore,  
March 9, 1904.

Dear Flick:

It would be better to have the meeting and the lecture on the same day, as so many of the men would like to hear Maragliano. I dare say most of the men would prefer Saturday, but whichever day is most convenient for you will be satisfactory. I have written to all of the members of the Committee, asking them if it would be agreeable to them to have the adjourned meeting in Philadelphia. I have no doubt they will all agree. Let me know which date you think best.

Sincerely yours,

W<sup>m</sup>. Osler.
