

To Dr. Flick from W. O.

March 14, 1904.

Dear Dr. Flick:

Your decision to have a dinner on the 26th and the lecture on the 28th complicates things not a little. I think a great many men would like to hear the lecture, but it is a little too much to ask a busy man to stay over two days. The only reason for having the committee meeting in Philadelphia specially would be to have the men hear Maragliano. Why could we not have all three, - the meeting, the dinner and the lecture on the same day, say Monday? Please telegraph me.

Sincerely yours,
