

To Dr. Welch from Dr. Flick

Philadelphia,
March 16, 1904.

My dear Dr. Welch:

It has been arranged by Dr. Osler to have the meeting to consider matters connected with the representation of this country on the International Committee on Tuberculosis and with holding an International Congress on Tuberculosis in this country sometime in the near future, held in Philadelphia, on March 28th, the day on which Maragliano will give his lecture. I will give a luncheon to Maragliano and visiting friends and delegates at the University Club at 12.30 of that same day, March 28th. I would be very much pleased to have you lunch with us. The University Club is located at 1510 Walnut Street.

Yours truly,

R.S.V.P.

Lawrence F. Flick.
