To Dr. Flick from Dr. Musser

Philadelphia,
3/17/1904.

My dear Dr. Flick:

It will give me pleasure to join you at luncheon and meet your colleague from Italy - it will also give me pleasure to take part in the conference and both personally and officialy aid you in every effort to bring about the "true Congress" of the country.

Will you give me an opportunity to entertain Maragliano during his stay?

Would it be worth while getting up a banquet - I should have him dine with ex-minister Potter, McVey and others.

Sincerely,

J. Musser.
