BIBLIOGRAPHY

OF

SIR WILLIAM OSLER, BART., M. D., F. R. S.

(p. 121)

COMPILED BY

MINNIE WRIGHT BLOGG

LIBRARIAN, THE JOHNS HOPKINS HOSPITAL

Sir William Osler's bibliography covers a period of 49 years (1870-1919). The 773 titles include both books and articles. Many of these are in the library of The Johns Hopkins Hospital and have added value as being personal gifts from the author.

1870

Presented before the Nat. Hist. Socy of Montreal

On Canadian diatomacea. Canad. Naturalist, Montreal, 1870, n. s., v, 142-151. by William Osler (Off. Lect. Toronto School of Medicine)
In his: Published Mem. & Communicat., Montreal, 1882, 8°. [Collect. repr., 1872-1882, i, no. 1.]

In the Brit. Med. Jour. 1914 p 10 at bottom col. a W.O. says his first appearance in print was in the Can. Med. Jour. 1870

1873

Action of certain reagents—atropia, physostigma and curare—on the colorless blood-corpuscles. Quart. J. Micr. Sc., Lond., 1873, n.s., xiii, 307-309.
In his: Published Mem. & Communicat., Montreal, 1882, 8°. [Collect. repr., 1872-1882, i, no. 2.]

1874

An account of certain organisms occurring in the liquor sanguinis. [Rep. by J. B. Sanderson.] Proc. Roy. Soc., Lond., 1874, xxii, 391-398.
In his: Collect. repr., 1872-82, i, no. 3.

1875

Uterine thermometry. (Cohnstein, Die Thermometrie des Uterus.) Translated from Virchow's Archiv, Bd. lxxii, Heft i. Canada M. & S. J., Montreal, 1874-5, iii, 294-297.
Valedictory address to the graduates in medicine and surgery, McGill University. Canada M. & S. J., Montreal, 1874-75, iii, 433-438.
In his: Published Mem. & Communicat., Montreal, 1882, 8°. [Collect. repr., 1872-82, i, no. 4.]

Annual Convocation Mar. 31 1875 (Sedentis Institute Med.)

Dec. 1875. A case of Melano-sarcoma of the Choroid, Dr. A. Broadfoot. Histological Characters of the Tumour. Ann. Ocul. Can. Med. & Surg. Jour. 1875-1876, IX. p 295-300. Med. Chi. Socy.
" Case of leucoma of both Retinae, Geo. E. Funnell. Histological and General Description of the Tumour. " " ibid 306-308

121

1876

- (Montreal Gen. Hosp. Refpts.) Case of Entozoi of the Liver with Enlargement (Dr. Poëdicke)
 Reported by James Bell. Post-mortem conducted by ^{Wm} Osler. Can. Med. Surg.
 Journ. July 1876 v 23-26
- (Case of Central Arteriosclerosis by John Bell. Post-mortem by Dr. Osler. Can. Med.
 Surg. Journ. July 1876 v 56-58
- (Mont. Gen. Hosp. Refpts.) Case of Tubercular Meningitis (Under Dr. Ross).
 Reported by Mrs. C. S. Cotton. Autops. by Dr. Osler. *ibid* Dec. 1876 v 258
- Arg. H. Refpts. Case of Fibroid Contraction

1871

Action of certain resins—stroph. physalians and curies—on
the colostrum blood-coagulable. Quart. J. Micr. Sc. Lond. 1871.

1877

- (Arg. H. Refpts.) Case of Fibroid Contraction of the Prostate with
 displacement of the lungs. (Under Dr. Ross) Reported by Mrs.
 C. S. Cotton. Autops. by Dr. Osler. Can. Med. Surg. J. ^{July} ~~July~~ 1877
 v. 345
- (Cancer of the Liver by John Bell.) Autops. by Dr. Osler. Can. Med. S.
 Surg. J. ^{Apr} ~~Apr~~ 1877 (Read before the Am. Chi. Soc. Apr. 30 1877) v 432 ~~439~~
- (Arg. H. Refpts.) Acute Bright's disease accompanying Pregnancy; mis-
 carriage, peritonitis, death, autops. (Under Dr. Ross) Reported by
 Mrs. C. S. Cotton. Autops. by Dr. Osler. *ibid* April 1877 v 441-447

o *Annales in the development of vaccine pustules (translation). Can. Med. Surg. Journ. Mar. 1876 p. 449-451. (Signed W.O.)*

o *Dr. von Dissauer (of Valparaiso) Passage from unusually large gall stones. (Translation from Virchow Archiv. Bd LXVI. 1872) Can. Med. & Surg. Journ. April 1876, IV, 500-503 (Signed W.O.)*

o *Dr. Orville - Treatment of Convulsions in children by anaesthetics. Bull. de Mém. (Translation) May 1876, IV*

1876

o *Introductory remarks to, and synopsis of, practical course on institutes of medicine. Canada M. & S. J., Montreal, 1875-76, iv, 202-207. Oct. 1875 July 1875*

o *Histological characters of the tumour. [A case of melano-sarcoma of the choroid, by A. Proudfoot.] Canada M. & S. J., Montreal, 1875-76, iv, 298-300. Dec. 1875*

o *Histological and general description of the tumors. [Case of glioma of both retinae. Extirpation of both eyes, by G. E. Fenwick.] Canada M. & S. J., Montreal, 1875-76, iv, 306-308. Dec. 1875*

a *summed referat*

o *Notice of the recent researches on the pathology of small-pox. Canada M. & S. J., Montreal, 1875-76, iv, 341-343. Jan. 1876*

Pr. a minas who died in the small-pox wards, an admission of articles on typhus, anthrax, etc.

o *On the pathology of miner's lung. Canada M. & S. J., Montreal, 1875-76, iv, 145-168. Aug 1875 - Med. & Soc.*

In his: Collect. repr., 1872-82, i, no. 7.

o *Case of scarlatina miliaris. Canada M. & S. J., Montreal, 1875-76, iv, 49-54. July 1875 Prof. Institute of Med.*

In his: Collect. repr., 1872-82, i, no. 5.

A case of scarlatina plus tubercula observed in the small-pox wards.

o *On the histology of leucocythemia. Canada M. & S. J., Montreal, 1875-76, iv, 439-477. March 1876*

In his: Collect. repr., 1872-82, i, no. 6.

556-557 (W.O.)

- Case 36 { Aneurism of commencement of thoracic aorta, unsuspected during life; death from general tuberculosis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 20-21.
- " 49 { Sacculated aneurism of ascending portion of arch of aorta; rupture into the right pleural sac. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 21.
- " 57 { Sacculated aneurism of aorta, at termination of the arch, unsuspected during life. Death from pneumonia. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 22.
- " 53 { Aneurism of hepatic artery. Right branch almost obliterated. Multiple abscesses in the liver. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 22-30. g. p. 127
- " 45 { Aneurismal dilatation of branches of pulmonary artery on the walls of phthisical cavities. Death from hæmoptysis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 30.
- " 9 { Aneurism at second bifurcation of the right middle cerebral artery; rupture; extravasation of blood into the Sylvian fissure, and laceration of substance of the temporosphenoidal lobe, death in 36 hours. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 30-32.
- 61 { Ossification of greater portion of mucous membrane of trachea. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 32.
- 12 { Pneumonia of the upper lobe of the right lung; extensive meningeal inflammation. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 33-34.
- 15 { Almost entire hepatization of left lung; with small pneumonic area in right. Extensive diphtheritic colitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 34.
- 62 { Diabetes, phthisical cavity in right lung surrounded by hepatized tissue. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 34-35.
- 63 { Chronic phthisis, almost entire destruction of both lungs. Healthy portion involved in a pneumonia. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 35.
- 64 { Simple pneumonia of left lung, right-sided pleurisy. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 35.
- 57 { Pneumonia of right lung, uniform involvement of pleura covering it. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 35-37.
- 38 { Fibroid contraction and induration of entire right lung; cavity at apex; displacement of heart; hypertrophy with dilatation of right chambers. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 38-39.
- 51 { Chronic phthisis; perforation of lungs; pneumothorax; dermoid cyst of right ovary. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 39-40.
- 45 { Epithelioma of right side of tongue, extending from base to near the apex. Removal of organ with galvanic écraseur. Suppuration beneath cervical fascia. Pyæmia. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 41-42.

Some of these very
traces; do not
possibly have full
notes.

- 80 Chronic phthisis. Miliary tubercles in lungs and pharynx. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 42-43.
- 24 Cancer of the cardiac orifice, involving the œsophagus. Secondary masses in other parts of the organ. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 43-44.
- 62 Medullary cancer, involving the pyloric zone of the stomach; perforation, peritonitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 44.
- 92 Passage of two feet of the ileum through a loop attached to the sigmoid flexure. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 45.
- 91 Round ulcer of duodenum. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 45-46.
- 2 Perforation of typhoid ulcer during convalescence, owing to an indiscretion in diet. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 46.
- 28 Perforation of a deep ulcer at end of second week. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 46-47.
- 93 Typhoid fever. Perforation. Peritonitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 47.
- 33 Four round ulcers in the ileum. Peyer's patches not generally involved. Slight hypostatic pneumonia. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 48.
- 34 Slight swelling of Peyer's glands, only one small spot of ulceration. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 48.
- 32 Round ulcer of cœcum, perforation, general peritonitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 49.
- 88 Abscesses in the mesentery. Suppuration of portal vein. Empyema. Perforation of appendix, general peritonitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 51.
- 7 Acute tubercular inflammation of the peritoneum. Small caseous mass in left lung. Right-sided pleurisy. General hyperplasia of the bone marrow. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 52-56.
- Case 1
 5 Cirrhosis of liver, with enlargement; jaundice; no ascites; delirium tremens (?); erysipelas of the head. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 56-60.
 Also: Canada M. & S. J., Montreal, 1877-78, vi, 249-253.
- 5 Syphilitic ulceration of left frontal bone; large node on left tibia; gummata in liver. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 60-61. Presented before Montreal Med. Clin. Soc.
 Also: Canada M. & S. J., Montreal, 1877-78, vi, 253.
- 50 Primary cancer of the liver; ascites; jaundice; secondary mass in tail of pancreas; small secondary nodules in kidneys. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 61-64.
 Also: Canada M. & S. J., Montreal, 1877-78, vi, 254-256.
- 88 (Expansive abscess in the mesentery following typhoid, Can. Med. J., 256-264 (cf. next page))

Can. M. & S. J.
 Dec. 1877.
 p. 249-264

Case 88
(cf. following. 125)

- Cancer of neck of the gall-bladder and lymphatic glands in the portal fissure; compression of the hepatic ducts; secondary masses in liver; enormous distension of gall-bladder, and hæmorrhage into it; gall-stones. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 64-65.
- Extensive abscesses in the mesentery, following typhoid fever. Suppuration of the portal vein and its branches in the liver. Epyema. Perforation of the appendix vermiformis; peritonitis; miliary tubercles in lungs. Amyloid degeneration of spleen, liver, and mucous membrane of small intestine. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 65-71.
- Tuberculous disease of right kidney, pelvis, ureter and bladder. Tubercles in left kidney and lungs. Perforation of tuberculous ulcer in bladder. Peritonitis. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 72-73.
- Old scrofulous disease of right kidney, which is converted into cysts. Recent affection of the left. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 73-74.
- Old disease of the right kidney, which is converted into five or six cysts, filled with a putty-like material. Extensive tuberculous disease of the organ. Miliary tubercles in lungs. Albuminoid spleen. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 74-75.
- Suppuration about right kidney. Pyæmic abscesses in elbows, ankles and anterior mediastinum. Peritonitis. Pleurisy. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 75-76.
- Stone in the bladder. Prostatic tumors around the urethral orifice. Ulceration on mucous membrane. Pyelitis; ulceration of apices of renal pyramids. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 76-77.
- Epithelioma of cervix; obstruction of the canal; dilatation of the uterine cavity. Pyometra. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 77-78.
- Dermoid or piliferous cyst of right ovary. Chronic phthisis. Pneumothorax. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 78-79.
- Small cavity and caseous masses in lung. General tuberculosis. Meninges of brain unaffected; central softening. Spinal meninges extensively involved. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 79-81.
- Meningeal affection slight. Ventricles distended, walls soft. Very few miliary tubercles in the organs. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 81-82.
- Meningeal affection very extensive on the cortex, slight at the base. Ventricles large, walls not soft. Large caseous mass in left lung. Miliary tubercles in lungs and on peritoneum. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 82-83.
- Slight meningeal inflammation. One caseous mass and a few tubercles in lungs. Old morbus coxæ. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 84.

Profound anæmia without discoverable lesion. Fatty degeneration of organs. Hyperplasia of bone-marrow. Montreal Gen. Hosp. Path. Rep. (1876-77), 1878, i, 84-97.

Ueber die Entwicklung von Blutkörperchen im Knochenmark bei pernicioser Anämie. [Berlin, 1878, L. Schumacher.] Centralbl. f. d. med. Wissensch., Berl., 1878, xvi, 465-467. In his: Published Mem. & Communicat., Montreal, 1882, 8°. [Collect. repr., 1872-82, i, no. 21.]

Osler, W., and Ross, G.: Aneurism of hepatic artery; multiple abscesses of the liver. Canada M. & S. J., Montreal, 1877-78, vi, 1-12. = July 1877. In his: Collect. repr., 1872-82, i, no. 13.

Park's Report of the Montreal Gen. Hosp. No II
"from the Montreal General Hospital Reports Vol I 1880"
The Gazette Montreal Ce. 1880
Reprints p 1-90
Messrs B. & Co. Architects
in the original - printed
they were under the title
of the Montreal Gen. Hosp. Reports
Chir.: Park Vol I 1880

- o Wound of the central part of the 1st and 2d frontal convolutions on left side. Montreal Gen. Hosp. Rep., 1880, i, 257-258.
- o Bullet wound of right frontal lobe; entire absence of cerebral symptoms. Montreal Gen. Hosp. Rep., 1880, i, 258-260.
- o Cases of aneurism of the aorta. Montreal Gen. Hosp. Rep., 1880, i, 260-265.
- o Aneurism of innominate-rupture of saccular dilatation of aorta into pericardium. Montreal Gen. Hosp. Rep., 1880, i, 265-266.
- o Aneurism of splenic artery; perforation into transverse colon. Montreal Gen. Hosp. Rep., 1880, i, 266-268.
- o Small aneurism of renal artery. Montreal Gen. Hosp. Rep., 1880, i, 268.
- o Four cases of intracranial aneurism. Montreal Gen. Hosp. Rep., 1880, i, 268-275.
- o Aneurisms of branches of pulmonary artery on wall of cavities; hæmoptysis in chronic phthisis. Montreal Gen. Hosp. Rep., 1880, i, 275-276.
- o Two cases of hypertrophy of the heart. Montreal Gen. Hosp. Rep., 1880, i, 276-282.
- o Perforation of pulmonary artery by ulcer of left bronchus; sudden death from hæmoptysis; chronic bronchitis, emphysema, phthisis. Montreal Gen. Hosp. Rep., 1880, i, 282-283.
- o Instance of four pulmonary valves. Montreal Gen. Hosp. Rep., 1880, i, 284.

I Nervous System

II Circulatory System

Embarras in Park's Report No II

- o Correspondence, American Medical Association Canada M. & S. J. Montreal June 1880 VIII p. 502-5 "W.O."
- o Brief Description of the New Physiological Laboratory, McGill College Can. M. & S. J. Oct. 1880 IX 198-201

- Bayonet wound of left subclavian artery at its origin. Montreal Gen. Hosp. Rep., 1880, i, 284.
- Fatty degeneration of heart in diphtheria; sudden death on the thirteenth day. Montreal Gen. Hosp. Rep., 1880, i, 285.
- Two cases of thrombosis of pulmonary artery. Montreal Gen. Hosp. Rep., 1880, i, 285-287.
- Thrombosis of branches of right pulmonary artery. Montreal Gen. Hosp. Rep., 1880, i, 287-290.
- Edema of right lung; hydrothorax of left pleura; contracted kidneys. Montreal Gen. Hosp. Rep., 1880, i, 290-291.
- Edema of left lung; morphia poisoning. Montreal Gen. Hosp. Rep., 1880, i, 291-292.
- Pneumonia; ulcerative endocarditis; meningitis. Montreal Gen. Hosp. Rep., 1880, i, 292-295.
- Pneumonic phthisis. Montreal Gen. Hosp. Rep., 1880, i, 295-297.
- Note on the occurrence of membrane in the trachea and bronchi in diphtheria. Montreal Gen. Hosp. Rep., 1880, i, 299-300.
- Foreign body in œsophagus; ulceration; perforation; retro-pharyngeal and œsophageal abscess. Montreal Gen. Hosp. Rep., 1880, i, 300-301.
- Three cases of cancer of the stomach. Montreal Gen. Hosp. Rep., 1880, i, 301-302.
- Three cases of ulcer of the stomach. Montreal Gen. Hosp. Rep., 1880, i, 304-306.
- Three cases of simple ulcer of duodenum. Montreal Gen. Hosp. Rep., 1880, i, 306-311.
- Typhoid fever; rapidly fatal, with nervous symptoms. Montreal Gen. Hosp. Rep., 1880, i, 311-312.
- Perforation of appendix vermiformis; circumscribed abscess; perforation of ileum; hæmorrhage from bowels. Montreal Gen. Hosp. Rep., 1880, i, 313-314.
- Liver; hydatid cyst. Montreal Gen. Hosp. Rep., 1880, i, 314-316.
- Primary cancer of liver. Montreal Gen. Hosp. Rep., 1880, i, 316-317.
- Cirrhosis of liver; collateral circulation by means of an enlarged umbilical vein; death from pneumonia. Montreal Gen. Hosp. Rep., 1880, i, 317-318.
- Pylephlebitis. Montreal Gen. Hosp. Rep., 1880, i, 318-321.
- Extensive scald of thorax; pneumonia; numerous spots of fatty degeneration in kidneys. Montreal Gen. Hosp. Rep., 1880, i, 321-322.
- Small contracted kidneys; left organ affected to an unusual degree; right only involved in the lower part; hypertrophy of heart. Montreal Gen. Hosp. Rep., 1880, i, 322-324.
- Large cirrhotic kidneys (congested); hypertrophy of heart; apoplexy. Montreal Gen. Hosp. Rep., 1880, i, 324-325.
- Sarcoma of left kidney. Montreal Gen. Hosp. Rep., 1880, i, 325-328.

Muller's Epistole

1896
1896
1896

- o The functions of a state faculty. President's address delivered before the Medical and Chirurgical Faculty of Maryland, at the 99th annual session, Baltimore, Md., April 27, 1897. Maryland M. J., Balt., 1897, xxxvii, 73-77. Tr. M. & Chir. Fac. Maryland, Balt., 1897, 21-29.
In his: Collect. repr., 1897-1902, iv, no. 179.
- A case of leprosy, with exhibition of patient. Maryland M. J., Balt., 1897, xxxvii, 417-419.
- Hemorrhage from the bowels in typhoid fever. Maryland M. J., Balt., 1896-7, xxxvi, 73-75.
- Ephemerides, 1897:
- XIII. Rheumatic neuritis associated with subcutaneous fibroid nodules.
 - XIV. Bright's disease or myxœdema.
 - XV. Remarkable noisy expiration in chronic emphysema.
 - XVI. Chills and fevers in post-partum anæmia.
 - XVII. Lineæ albicantes.
 - XVIII. Two cases of general bromidrosis.
 - XIX. Vertigo and ocular defects.
- o Montreal M. J., 1896-7, xxv, 642; 794; 890; 952.
- o A clinical lecture on the ^{common} ball-valve gall-stone in the common duct. Lancet, Lond., 1897, i, 1319-1323.
In his: Collect. repr., 1897-1902, iv, no. 180. (J.H.H. Jan 22 1897 Delivered at)
- o Nurse and patient. An address. Baltimore, 1897, J. Murphy & Co., 17 p. 8°. Phila. Hosp. Training School July 1897 & Johns Hopkins Hosp. Training School June 3
In his: Collect. repr., 1897-1902, iv, no. 181. "This address did double duty"
- o Influence of ^{Am. Med.} American medicine. Johns Hopkins Hosp. Bull., Balt., 1897, viii, 161-167. Read before the Stillé Society of the Med. Dept. of the Univ. of Penn.
In his: Collect. repr., 1897-1902, iv, no. 182.
- o British medicine in Greater Britain. The address in medicine at the British Medical Association, Montreal, meeting. Boston M. & S. J., 1897, cxxxvii, 221-227. Bos. Sept 12/1897
Also: Med. News, N. Y., 1897, lxxi, 293-301.
Also: Med. Rec., N. Y., 1897, lii, 333-340.
Also: Montreal M. J., 1897, xxvi, 186-203. Sep.
In his: Collect. repr., 1897-1902, iv, no. 183.
- o Hepatic complications of typhoid fever. Tr. Assn. Am. Physicians, Phila., 1897, xii, 378-398.
Also: Edinb. M. J., 1897, n. s., ii, 423-439.
In his: Collect. repr., 1897-1902, iv, no. 184.
- o Internal medicine as a vocation. Med. News, N. Y., 1897, lxxi, 660-663. Before the Sec. on General Medicine at the Med. Academy of Md., Oct 19 1897
In his: Collect. repr., 1897-1902, iv, no. 185.
- o Pneumonia: A review of the cases studied by the third and fourth classes, Johns Hopkins Hospital, session of 1896-97. Nat. M. Rev., Wash., 1897, vii, 177-180.
In his: Collect. repr., 1897-1902, iv, no. 186.
- o Occasional notes on American medical classics. Introductory lecture to a course of clinical observations in the Pennsylvania Hospital, delivered there on the 3d of December, 1776, by Dr. Thomas Bond. Univ. M. Mag., Phila., 1897-8, x, 136-140.
In his: Collect. repr., 1897-1902, iv, no. 187. Read at the J.H.H. Historical Socy
