My father's eldest brother was a surgeon, naturalist, hymn-writer and ardent Churchman.
He practised for many years at Duro and was a 'Bart's man'.

W.D.'s note under Edmund Osler in the Index Catalogue -

Copy note.

This is a complete bibliography of my writings to Jan. 1st. 1907. A few items are missing. The sheets are from series I & II of the Index catalogue of the Surgeon General's Library Washington. Dr. Fletcher, the Editor, kindly sent me the sheets of the O Volume of the 2nd series. I have added a few and the 1907 at the end is one of the blank leaves.
