My dear Dr. Cushing,

Thank you for your letter of March 14th.

I do not remember hearing Sir William Osler speak of this particular scheme, though I am well aware it was an idea in harmony with his general views. As you know, he was a great friend of Sir John MacAlister who took an active part in the foundation of this School, and it is more than probable that they talked the matter over many times. I will mention it to MacAlister when I see him, and ask where I can see Sir William Osler's scheme.

I have much pleasure in sending you our current prospectus and also our last year's Report and the syllabus of a Summer School we are running this year at Worcester.

Yours very sincerely,

Ernest Baker
