An example of his continued interest in and benevolence toward libraries is shown by the following letters to Drs. Henry and Fisher, the Librarians of the College of Physicians of Philadelphia:

1 West Franklin St., Baltimore,

June 18th, 1901.

Dear Henry:

I am sending you the poem by George Wood. You will see the date. It was given to me by his nephew in Philadelphia, so that I suppose it is all right. It is the only copy I have ever seen. Please give it to the Library.

Sincerely yours,

W^m Osler
