18.XII.18

Dear Fisher

I am delighted with those books - particularly the ^lRush, to whom for the first time justice has been done from the standpoint of the Educator. The other will be most useful. It is very good of you to have sent them.

Among your Siamese literature have you -

An Hist. & Desc. account of the Siamese Twin Brothers
 1829, 8th ed. Lond. with a very good plate?

If not I can send one which has just come in. Try to make your Siamese - Twin collection as complete as possible.

Col. Norris & Gibbon now on the water - take my greetings to the Library Committee. They did fine work over here & will be much missed.
 Love to Dr. Henry.

Yours sin

W^m Osler
