Dear Nelligan,

Dr. Sa'eed from Hamardan has been here and I have talked with him about the possibility of restoring the tomb of Avicenna. It would be, I think, a very delicate thing for the profession to undertake. I have written to Dr. Funk at Hamardan asking him to try to get some idea of the total cost. Have you any friends to whom you could write at Hamardan about it?

Let me know should you hear at any time of good early MSS, Rhazes or Avicennas.

Kind regards,

Sincerely Yours,

November 24 1913.

Dr. Neligan.
