Dear Dr. Wickersheimer,

Thanks for the suggestion about the Dean of the Medical Faculty of Montpellier and the Dean of the Medical Faculty at Beyrouth and the Director of Oriental languages in Paris. I will get you later to write to them officiallly.

Your election as honorary member to our Section went through the General Council of the Society last week.

About my secretary - the question is whether he would not do better to go to the summer school at Lille. Do you know anybody there who could send us information about the summer school?

Dr. Wickersheimer,  
16, Rue Buonaparte,  
Paris.
