Dear Jonah,

I wish we could ask you to come here for Christmas. Every corner is full - but you could sleep on a sofa if you want to turn up. Mrs. Chapin and I spent last Tuesday night at the Emmons and heard of your visit - I had a nice cheery letter from Bob. He evidently hopes to be back in the Easter term. I hope they do not whisk him to America - ~~I believe the Emmons are bringing themselves to the marriage prospect.~~ I trust you are not sent to France - Our love to you.

Sincerely,

(signed) G.R.Osler.
