Dearest Sister Sue

How I wish you could have been here today - such a glorious Encaenia. How you would have enjoyed it. And to see Sister G. sitting in the seat of honor at the All Souls luncheon between Gen. Haig & admiral Beattie & looking just the part - 'twas splendid. Poor dear Isaac! When these things come it adds to the burden of the sorrow to think how he would have appreciated it.

Do have a good rest, & take care of yourself. Love to you all
