

CUS 417/66.3

General form

found in

Urine.

Dec. 15. 69.

12. Caecal appendix
larger in the
trachea through
them.

Mrs L. (cousin of Dr. R. - of Toronto)
residing 7 miles from Toronto brought
the specimen to Dr. R. . Was passed with-
the name after considerable personal
invitation. He was a woman ^{advanced in years} with a large
family, of hardless life & for returning despondent
& had been personally hunted on R. all his
life. No known motive for deception, no
hysteria
