The Paper is read, I have had some oysters, feel refreshed & have found that in five minutes a mail leaves the Hotel to go to Mont in mornng, so I thought I would scratch a few lines to tell you about it. There was a good full meeting, a lot of swells & I got on as well as could be sup under circumstances. One thing was evident, nobody knew as much about it as we do, so the advantage was on our side. Dr. Flint moved a vote of thanks in comp terms &c, & Dr Dalton seconded it. The specimens & Col drawings? were gnally admired, & the mic. spcms also.

I went to see Edwin Booth as Hamlet last night, & enjoyed it very much, - more I think than any play I have seen. The urgent question is: shall I go up [to] ~~Ramo th~~ Gilead* & prosper, R. G. meaning Boston. The prophets say no. The run of Am. girls are not very attractive & the specimens here do not encourage me. Then there is John - perhaps he would not like it, & also the other old woman. Give them my love. I am enjoying myself very much & today have seen a great many men & things. I spent the mornng with Prof. Dalton & a good pt of the aftn. with Prof Arnold the Prof of Phy at Coll Phy & sur & Univ. # schls. respect. I will write to Marian by tomorrow afternoon mail must stop now.

* Cf. J. Kings, XXII, 15: "So I came to the King. And the King said unto him: "Miciah, shall we go against Ramoth Gilead to battle or shall we forebear?" and he answered him: "Go, and prosper: for the Lord shall deliver it into the hand of the king."
