Dear Mr Ogden,

I return your New Republic and our best thanks. I must keep Shelley for a few days longer- I send the newspaper extract about George Elliott, wh. I shall not want again.

The Mouse trap has not turned up yet, but as I have offerred five cents reward! all the youngsters are eagerly hunting for it, & I expect it will soon be unearthed. There will be some good tobogganing after this snow storm & soon a good moon. If you and Mr. Rogers are inclined for an expedition will you let us know in time & we will arrange one?

Yours very truly

Marian Francis
