(Mrs. Marian Francis to Mr. Ogden)

June 15 or 16th 1882

Dear Mr. Ogden,

We are wanting to hear something of you so much & can get nothing out of Dr. Osler tho' I know he heard from you. He says you are at S. Catherines. May says she will have to go there if you do not write soon, to look for you. I wrote you such a long letter c of Mrs. Williams

18 East 29th Street

New York

& May wrote you one a few days after- I was afraid they might not have reached there until after you had left. You must have been disgusted at not getting the appointment you wanted, but it was their loss- I wish there was something here worth offering for it seems a sin for your gentlemanly genius to be spent on the Milwaukians No one has taken or can take your place Mr. Johnson is a very good student & helps Dr. Osler, but he says "there is only one Ogden" you are as well remembered by the Juniors as when you used to come in with chocolates but we want, at least, a post card- Arthur is in Dundas & Gwyn & Brick are visiting about in Toronto & Dundas Percy is in England so we have several vacant chairs-

Yours very sincerely

Marian Francis
