Dear Schäfer,

A barrel of apples - Var. Northern Spy - left to-day per S.S. Polynesian for Liverpool. I hope they will arrive in good condition. Sorry I could not get freight to London. You should have them about the 21st, a day or so after the receipt of the letter which goes by same steamer. If you do not hear of them write to Allan Bros & Co. James St., Liverpool. I hope you intend to join the B.A.A.S. excursion next August, and are shaping your plans accordingly. Consider yourself engaged to stay with me. I shall probably be in Europe next Summer and will leave England about the middle of August, so that if you can get away we could come out together. I hope Mrs. Schäfer will be able to accompany you.

With kind regards,

Yours sincerely,

WM OSLER.
