Dear Dr Cushing

Enclose a communication given us by a
Dr Alfred Bolles (not Medical) of Bennington, Vt.
which speaks for itself. I showed it to Dr Garrison
and we agreed we could not put it in the
Bulletin as reflecting on Dr Pepper but about
that the information it conveys, even though
it may be not quite rightly put, might be
of some use to you. I must leave it to be
I have been terribly busy getting up a Report
the Executive Committee de saue song out of town

on Monday tomorrow but will ^{etc} send you
with copies of the photostat on Monday

With very kind regards

Yours very sincerely
