Dear Ogden:

I was very sorry to see a notice of Captain Pabst's death. It must have been very sudden, as you said nothing of any serious illness in your letter of the 28th.

I am glad you liked the Arnold. It is a first class set. I have just returned from Montreal and Toronto, They have had my portrait painted at Montreal for the Faculty. May Osborne sent her love to you.

Revere was delighted with the shells. He has become quite a collector.

Give your mother my kindest regards, and with best wishes from us both for the New Year.

Sincerely yours,
W Osler
