Dear L.

So glad to hear that you had a good rest & a profitable trip. I am working hard this spring - a good p.g. class & have stood the work very well considering that it is my 30th consecutive session. 'Tis time to quit! I go to Boston on Tuesday to get the Lh.D at Harvard Then on to Montreal on Wednesday eve. Look out for me Thursday. I shall lunch with you Dr. & take the boat to Quebec on the eve.

McCrae goes out of the house in July. He Cushing & I sail July 16th for a short run. Mrs. O. was afraid to risk the damp & c after her sad experiences last summer with the asthma.

Yours ever

W.O.

*It was an amazing voyage.*
