1, West Franklin Street,  
Baltimore, Md., Feb. 10th, 1904.

Dear Brown:

It was very nice to see you down here, and the meeting was an unqualified success.

I doubt very much if I could give you anything of special value for your March number. I am so confoundedly busy just now. Later I daresay I shall be able to do something for you.

With love to Dr. Trudeau,'

Sincerely yours,
