Dear Dr. <sup>(Maude)</sup> Abbott:-

Nov. 17, 1904. W. Osler

Many thanks for the estimate. I think we ought to go ahead at once and try to raise the money, so as to have it in hand for beginning the printing. I will write to Adami about it at once, and get Shepherd and other members of the faculty interested, and some outside men. It would be such a good thing in every way to have a catalogue. We ought to have the money in sight by January 1st.

(Signed) Wm. Osler.
