Dear Miss Jewett:

Many thanks for the dear old book, -
one of the rarest of Brunonian items. I shall prize very highly. It was very kind indeed to think of me in this way, nothing could have pleased me more.

I hope you are in working trim again, perhaps not with the full head of steam, but it is remarkable how much can be covered at a ten knot rate, given plenty of time & a due supply of fuel.

I have not seen much of Miss Garrett the winter. The Sargent portrait is wonderful.

Sincerely yours

Wm. Osler

P.S. Do not forget to greet from me that nice boy, your nephew, when you see him.
