To Russell H. Chittenden.

*This led to a long time
of letters & telegrams etc.*

Dear Chittenden

I have undertaken to edit a System of medicine for Lea Bros. & I write to ask if you will not contribute a section of 75 p.p. to Vol I on Metabolism & Nutrition. General considerations - Disturbances in disease - over & under nutrition &c. You have the matter so well in hand that it should not be much trouble and a presentation of the question from the modern standpoint would be very helpful. Would you send me a line to the University Club, New York before Friday as I am sailing on Saturday.

Lea Bros. pay at the rate of \$4. a page.

With kind regards to Mrs. Chittenden, etc

Sincerely yours,

W^m Osler
