

Dr. C. P. Howard.

Wednesday July 13, 1904.

CU5417/101.18

Dear Campbell:

I am off to Montreal this eve. It is delightful to see Muriel so happy, and Ted seems really an Al fellow. You will be glad of a holiday. That was pretty tough work in Ward C. but wonderfully good for you in many ways. It is a great pleasure to have you ^{with} ~~wish~~ us and your ^{future} ~~picture~~ in Medicine should be assured. It would be better to go back to Montreal with a good reputation behind you in some good bits of clinical work accomplished. I think you could get six mos. in Europe next year if you wish. Be careful about the G.P.V. lassie!

Yours ever,

W.O.

Isaac Walton is very happy - we have had some good trout fishing. Love to the boys.
