Dr. A.F. Hurst.

Fusion
of Fellow-
ship of
Med. with
Post-Grad.
Assoc.

I hope everything goes smoothly towards the fusion. I shall not be able to be at the Fellowship meeting this week. I am laid up again unfortunately with laryngo-tracheitis caught motoring down from Newcastle last week. It is very aggravating - I thought I was getting off with a simple cold in the head, but it has got into my larynx and windpipe, and I had slight fever every afternoon for the past five days. I have carried the pneumococcus for a great many years - I must try to get my resistance heightened. Have you got Levindowski's Handbuch f. Nervenkrankheiten? If so, I would like to borrow it for a week. I hear the section on familial diseases is specially good.
