

G. A. O. to A Mallock

CUS417/130.75

(letter, script)

Tuesday 9.30 am

[18th Nov '19]

----- Sir William was speechless all day and hardly coughed at all - wore the inhaler for some time and we are reeking with eucalypt now! $\frac{1}{4}$ morphine & he did not cough until 7 then had hot milk & slept until 7.30 - Smells the rose above the mould this morning - Perhaps he is really getting better now!
