P. R. O. to A. Malloch CUS 417/130.97

(card, script)

10 AM Friday

[28, Nov. '97]

Got through the night without much trouble
giving up the 1/4 and having atropine. Seems none
the worse - is using "safety" [razor?] now & has
eaten breakfast all right. Hope you find no bad
symptoms if you come tomorrow.
