Dear Sir.

In reply to your letter of the 28th. of February I am to say on the best authority that the conditions in Persia are considered propitious for undertaking repairs to the --- Tomb of Avicenna at Hamadan.

I trust you will forgive the liberty I am taking in mentioning the following. I was discussing the above question with an officer the other day just lately arrived from Hamadan, & he told me that the tomb was in very fair repair, but great improvements could be made to the steps leading up to the - tomb.

I must apologise for the long delay in answering your letter. But this has been due to a change ~~in~~ of Honorary Secretaries in the Society and not to oversight.

Faithfully yours,

A. S. Rawson

Captain.
