

COS417/39.46

Dear Sir,

Could you send me a list of the members of the Persian Society? There will be shortly brought before the Historical Section of the Royal Society of Medicine a suggestion to undertake the restoration of the tomb of Avicenna at Hamardan. I have got estimates and we propose to form a general committee and appeal for the necessary funds. I am sure some of the members of the Persian Society would be interested. When the scheme is a little more mature I should be glad, if you think fit, to take an opportunity at one of your meetings to say a few words in connexion with it.
