Dear Dr. Sa'eed, So glad the book arrived. Many thanks for the purses, one of which I will give to Professor Wright, the other to my son. I hope you will go to Teheran and talk matters over with Nelligan whom I have asked to tell the Persian Minister and possibly get him to communicate with the Regent. It would be so much better if this could be done under the auspices of the Shah. So soon as I hear from you I will have the circular printed in English, French and Arabic, with a photograph of the tomb as it now exists.

It has been a great pleasure to see you. With best wishes for the voyage.
