

CU5417/39.79

Dear Neligan,

Yes, I think there is nothing to do but to postpone matters. Your paper translated into Persian will help. Margoliouth read a most interesting paper on Avicenna the other day at the Persia Society, after which I spoke on the question of the tomb.

Everything here is going very well, and the country is showing a fine spirit.

Keep your eye open please for any good old MSS. I am very anxious to have one of Rhazes.

Dr. Neligan,
British Legation,
Teheran.

October 10 1914.
