

W.O.'s diary, 1886.1886.

In this volume it is evident that he is making a great many house visits in Phila, and the volume contains many of his clinical notes.

From July 19, Mon. - Sep. 1, Wed. No notes whatsoever.

Dec. 23, Th. - 31. No notes whatsoever.

(It would appear to me from this vol. that he began doing regular practice in Phila until after his summer vacation, and in the fall of '85 (~~86?~~) and the Spring of '86 there are not many house visits.            subsequent to his return; there are nothing but consultations either at his office or with other physicians. H.C.)

Pathological Society. 1886-7.

Oct. 28. Hematozoa of malaria.

Nov. 11. 2 cases four pulmonary valves. Anomalous papillary muscles. Aneurism of thoracic aorta.

Dec. 9. Abscess of liver - 3 cases.  
Cancer of liver.  
√ { " " pylorus.  
" " colon.  
Bicuspid pulm. valve.  
Intestine passed per rectum.
