My dear Musser

I have to go to Pottstown tomorrow a.m. and I came out to ask you if you will again lecture for me. I hate to bother you so but I failed to catch Wilson this eve. I will of course take two of yours. I am going now to make a visit at the ^{Univ.} ~~New~~ Hospt. and Blockly & I will tell Bradly that if you do not get down by 10 a.m. to announce to the class that I have been called away. That appendix case would be a fine text.

Yours

W.O.
