(Dr. John H. Musser-Philadelphia)

Dear M.

I never thought of it. & then we had sat down when you came in. I am glad you didnt order anything else. ~~I was full at the time.~~ Docks address would be Frankfurt on main case of Prof Weigert I do not see his letter. I fear it went into the W.P.B. (~~Bruen as you well know, has gone to the dent.~~) I see it is Bruce you ask after. he is at the Lafayette. Bruen is still south somewhere

Yours
W.O.

A few of Adams letters given several have been received and that they hardly deserve this designation they are nevertheless characteristic of his laconic brevity - in matters of correspondence, Barry confined cards ^{can be established, for} the date ^{since} beyond ~~a number of the day or the day of the week~~ he rarely took time to write down: for ^{them} ~~the~~ ^{and} '18th' or 'Tuesday' or perhaps with 'Oct.' ^{was} ~~the~~ ^{of the} ~~some~~ kind, were to his friend and colleague J.H. Musser.
