(Dr. H. V. Ogden)
1502 Walnut St.
5/15/88

Dear Ogden

I am sure Gray would be glad to see you & help you in any way. Would not come on in Sept. to the Meeting of the Assoc. of Am. Phy. in Washington. The Neurological Soc. will also meet there & others. Why not prepare a short report of a case for the latter and come up for membership. I would get Mills to propose you. They are anxious for new men from all parts of the country.

I will send on the reports of the Nurses Directory.

Do write up those poliocencephalitis cases.

Let me know when you are coming. Do try to arrange about the Washington meeting. It will be a very good one.

Yours sincerely,

Wm. Osler.
