Dear Musser

Sorry I could not join you last eve. but I was dead beat, having had a most tiring afternoon, & with a - for me unusual thing - splitting headache. So I went to bed at 9:30. I shall certainly do what you suggest. I have with P (Pepper) consent appointed Fred Packard. I have called 3 times on P. since my return & have missed him. I shall try to see him soon and talk about you.

Yours,

W Osler.
