Dear Lafleur

Would you consider a proposition to come to the Johns Hopkins Hospital as my House Physician & Assistant? The position would be tenable for 3 years or longer salary I believe about \$500 with bd. & lodging. Probably as my first assistant you would have the title of Fellow in Medicine. Duties - (1) Responsibility of cases in Med wards (2) supervisor of the graduate students (3) general scientific work in medicine, preparing papers & with me & under my direction. Think over the matter - & let me know in a day or two.

I should want you by the middle of April - Hospital opens May 7th.

You could reasonably anticipate at end of 3 yrs work a good many offers in Medicine - as teacher &c.

Sincerely yours,

W^m Osler
