Dear Harney

I am glad to be able to send you  
a copy of the letter you want. I  
heard that Lady Stamfordham was better  
so wrote <sup>again</sup> and the Sister sent the copy  
(an old one) and I have copied it - or  
Nona has, for you. I am delighted to  
see it - Thanks for Mrs Little's letter.  
No returned from J. Howard  
Some time before Dr Cross died - just

As he got my card - I remember well  
became Dr. DeCosta said he wanted a  
consultation - & would like Bantrook to  
see him - S.W.G. had said to me  
"I want to see Billie O - as soon as he  
comes back -" I told DeCosta & I wanted  
only - I remember so well - his thoroughly  
Philadelphia, Jeffersonian Med School  
Reply - "Remember Bantrook is a Jeffersonian  
Man -" My reply was not very polite.  
I think he returned to Montreal for the  
funeral of Dr. Howard & rushed back  
to find S.W.G. more ill - Dr. Howard had  
talked about his

Children & their future & asked W.O  
to look after them - Then we were in  
Montreal just after my marriage  
& Mrs H. was dying - I often think  
what an unusual friendship it has  
been and an influence that has come  
into a third generation

Nona and I have just come from  
Buxton and are going on on Monday  
to <sup>La Plaine</sup> ~~La Plaine~~ <sup>near Arras to Compiègne</sup>  
Swiss Gene and to <sup>Dozinsheim</sup> ~~Dozinsheim~~ again  
tomorrow - Since the fatal day  
and almost too, since the other. Still  
I am here - a useless

Lumps - While the much needed ones  
are gone. I hope you were not sorry  
about Archie & the Peter Kent. I said  
nothing - but am thankful he will  
go out for Montreal. I cannot leave  
here this year. I mean before the end  
of this year - I will get Renee's  
books off as soon as I can in the  
Autumn. They have \$4.50 interest  
to me - at the Hopkins -  
Very much love to Peter & all  
the Darlings - Afflye Santa Grace
