(To Dr. Walter Baumgarten)

Johns Hopkins Hosp, Baltimore.  
April 2, 1891.

Dear Dr. Baumgarten:

We were very glad indeed to have Harvey\* here. He seems a very pleasant nice fellow, and we perhaps may be able to quiet his fears.

I hope we shall see something of you in September. You must come and spend a few days with us. If you come before August the first you will find me at the hospital, and we can always give you a room and a hearty welcome.

With sincere regards,

Very truly yours,

Wm Osler
