Dear Lafleur:-

To tell you the truth, I quite overlooked that list. I will write to Billings, but I have an idea that they are not allowed to send books outside of the country.

We have postponed our sailing to July 12th, on the First Bismark. We had taken passage for next week, but I have three or four things unfinished that would have spoiled my holiday, so that I decided it would be better to postpone it, and then stay a little later in the autumn.

With the exception of a week in June, which I shall spend in Boston, I shall be at home now until we sail, and I wish you would come down and spend a week here. You could run over to Washington every day. I am sorry to hear about the R. V. H. It is too bad. Still if you get a good clinic at the M. G. H. you will be all right. Am glad to hear they have put on the session to nine months. It is better in every way.

Why shouldn't you come down to the meeting of the Congress? You will see a number of old friends, and it will be very pleasant.

Sincerely Yours,
Wm Osler
