Dr. Harvey Cushing,
Peter Brent Brigham Hospital
Boston, Mass.

Dear Dr. Cushing:-

The enclosed letter from
Dr. Oslar probably gave me as much pleasure
and stimulus as anything that happened to me
in the early years.

Very sincerely yours,

L. Hektoen

Dear Dr. Hektoen

Thank you so much for the reprint of your
article in the Am. Jr. I had read it most carefully with
the greatest interest & with much profit. It will be
most useful for reference & I have already called the
attention of some of our senior students to it. What
good work you are doing in Chicago! it must be a great
stimulus to many of the younger men to have you with them.
Do come & see us when you are next in the East. I can
always put you up & you will find many warm friends here
among the Hopkins men.

Sincerely yours,

WM. OSLER.
