(Letter to Mrs. N. S. Reid- Baltimore)

(Sept. 1895)

1 WEST FRANKLIN ST

Wednesday

Dear Mrs. Reid

I feel sure that when the little lassie reaches years of discretion the name of Doris will please her greatly. Then it is Greek & the more we can revert, even in nomenclature, to that wonderful people the better for our modern life. The shadow of the Shemite is still upon us. Let us hope that as Doris she may reach the Greek ideal of a fair mind in a fair body, and be, indeed, as the word indicates a gift.)

I hope your mother keeps comfortable. Dr. Smith should see her occasionally & I will look in now & again to see that all goes well )

(Sincerely yours
