My dear Osler,

Is it really true that you have swung all round the circle and got back to your old home? The Boston papers will have it so. If so my chief regret is that Boston has not been in the circle for "'tis better to have loved and lost than never to have loved at all". I shall be sorry for Gilman all the same.

You have created quite a demand for Chadwick's book on the "Women of the Bible". Libraries and secondhand book stores are besieged by anxious crowds.

With kind regards to Mrs. Osler.

Yours sincere friend

H. P. BOWDITCH
