Dear Blumer:-

I am interested in the Paris medical men between '20 and '40, particularly in Laënnec and Louis, and I am looking up at odd intervals the history of the American students who were in Paris at that time, particularly with Louis. I thought perhaps Brigham's notes might contain something of interest. I wish you would ask his nephew.

Many thanks for 'the copy of the Journal.' We shall be awfully sorry to lose your cousin. He is a trump, and I think has stability enough to withstand even early success, which is such a cruelty to so many of us.

Sincerely yours,

W<sup>m</sup> Osler

Note attached by Prof. Blumer:

"Brigham's notes". The reference is to Dr. Amariah Brigham, first supt. of the State Lunatic Asylum, Utica, N.Y. (now Utica State Hospital), who visited Europe early in the Sixteenth Century.) I have a copy of his Journal.
