Just a line to wish you good luck and God-speed in your Medical work. The hopes of all your father's dear friends are set on you. I know you will work steadily and surely. Let me know of any of your troubles and worries. I should like to stand to you in the same relation your father did to me. I can never repay what he did in the way of example and encouragement. Aunt Grace is not yet back. I am going to Boston to-night to see her. With much love.

~~Went to Boston to get Mahant to see Mrs. Osler

Yours affectionately, ~~Osler~~, ~~with love drawing~~
